

Collections

by Travis Risner

Selected Software

- Librarian Pro
- Delicious Library

Librarian Pro

- From Koingo Software
- Cost - \$20
- www.koingosw.com

Delicious Library

- From Delicious Monster
- Cost \$40
- www.delicious-monster.com

Common Features

- Track Collections

Books, music, movies, software, anything else you want to track

- Live lookup from Amazon
- Publish to Web
- Publish to iPhone, iPod, etc.
- Can use barcode scanner for input
- Can import each other's libraries

Librarian Pro

Pros

- Multiple Databases
- Can be extended to track arbitrary collections
- Can import directly from a Delicious library

Cons

- Clunky input
- No voice feedback
- Publishing to iPhone or iPod requires extra software

Delicious Library

Pros

- Voice feedback (can be turned off)
- “Smart” shelves
- Can use iSight camera for barcode scanner

Cons

- Apparently only one database
- Export assumes target is Excel
- Can only import from a text file
- Can't mark “Loans”
